Digital Citizenship in Action

Digital citizenship is about more than online safety. It's about creating thoughtful, empathetic digital citizens who can wrestle with the important ethical questions at the intersection of technology and humanity.

Digital Citizenship in Action is ISTE U's premier online professional learning course designed to guide educators in teaching and modeling digital citizenship so they can help students be responsible and active in online communities.
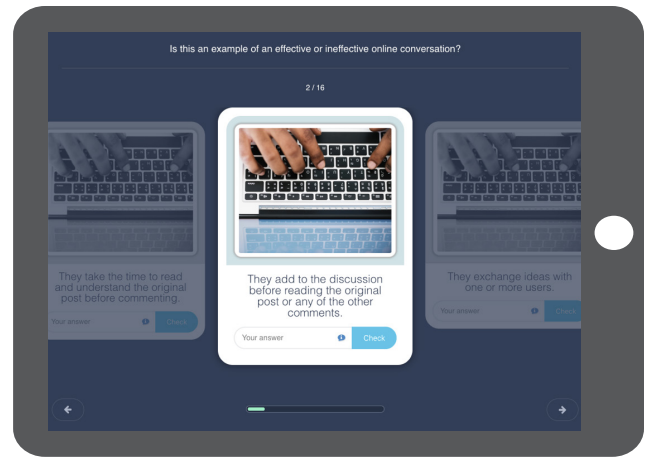

Through this course, educators will:

- Develop foundational knowledge of the history, purposes and current state of digital citizenship education in K-12 settings.

- Explore curricular resources for digital citizenship lessons and units.

- Learn to successfully integrate digital citizenship lessons in existing curriculum.
